# GORGO Natural Concrete Floor Paint No. 607

Ordner No.: 1288 • Stand: August 2019

### Colored concrete floors in the basement or in halls

Concrete or screed sands and gets dirty permanently if it is not protected with a paint.

With the covering GORGO Natural Concrete Floor Paint No. 607, you obtain dust protection, slight mechanical stress resistance and water resistance.

**The standard colors are mixable so that a variety of color tones** – also pastel colors – are developable.

The paint contains linseed oil and castor oil. A thin application is essential for a thorough drying. Therefore the consumption is very low.

For more information, in particular on the appropriate LIVOS primers, please refer to the Technical Data Sheet which can be found on our website: [www.livos.co.uk](http://www.livos.co.uk). Do you need a personal consultation or do you have questions about our products? Then contact us via our hotline: **+49 (0) 5825-8830. Hotline: +49(0)5825-8830.**

### Processing note

If necessary, remove skin that might have formed on the product before use and stir well. Apply with brush, foam or nylon roller (without velor) undiluted at temperatures above 8 °C. (46.4 °F). 2-3 very thin applications, roll out well – the first application should not be covering. Dilute only for spraying with 10 % SVALOS Spray Thinner No. 293.

### Coverage

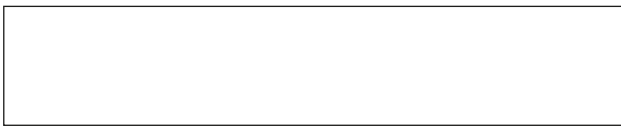

**1 liter:** For 8 - 12 m<sup>2</sup> (86 — 129 ft<sup>2</sup>) with the first coat, i.e. 100ml/m<sup>2</sup>. For the second coat 1 l is sufficient for 18 – 20 m<sup>2</sup> (194 – 215 ft<sup>2</sup>), i.e. 53ml/m<sup>2</sup>.

The consumption could be considerably more economical depending on the surface condition and absorbency. Always do a test application.
