Color for wood and metal

VINDO Natural Gloss Paint No. 629 is a weather resistant, elastic gloss paint with a high yield that is suitable for the treatment of wood in the interior as well as the exterior. Excluded are walking ways that should not be treated with VINDO. This glossy paint complies with German Industrial Norm (DIN) 53 160, fast to perspiration and saliva and with DIN EN 71 Part 3 certified as suitable for toys.

VINDO Natural Gloss Paint is applied with a brush, with a roller and by spraying in diluted form. This application is on dry surfaces and by a room air temperature of higher than 15°C. Thereby, the treated exterior surfaces should be primed with ADAO External Primer No. 259 or on interior surfaces be prepared with MENOS Natural Undercoat No. 626 or with DUBNO Penetrating Priming Oil No. 261.

VINDO Natural Gloss Paint is available in eleven different colors of which samples are printed on the back. VINDO Flattening Agent No. 631 can be used to matt the surface, but then only in the interior.

Further information as well as the safety advises you will find on our Technical Data Sheets (TDS) and on our labels and packaging. On the TDS you will find more information regarding the application of the VINDO Natural Gloss Paint together with the VINDO Flattening Agent No. 631.

All LIVOS products have been tested intensively to guarantee advantageous working properties. All ingredients are disclosed in the context of a controlled full declaration. The sourcing of raw material as well as the production is carried out according to social and ecological guidelines. Besides, LIVOS neutral products undergo external scrutiny by the German Institute for Quality Management and Environmental Hygiene Control (IQUH).

For further information, please contact your LIVOS retailer or contact us directly, or visit our website www.livos.de or call our hotline +49(0)5825-8830.
